### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Chris Eide on 05/03/06.

The application has been amended as follows: In claim 3, on line 1, delete, "The method of claim 3, wherein" and insert, -The method of claim 1, wherein-.

The following is an examiner's statement of reasons for allowance: Claims 1, 3-17 and 19-23 are allowed as the prior art does not teach or suggest the applicant's invention. The amended claim language and the applicant's remarks in response to the Office Action (mailed on 11/01/05) distinguish the application's invention over the references that accompanied the Office Action. Claims 1, 10, 17, and 21 teach a method and apparatus for cleaning a media drive. Regarding claims 1 and 17, the distinguishing elements of the claims teach determining a longitudinal end of data on a cleaning tape, the data associated with a previous cleaning process. Regarding claims 1 and 17, the distinguishing elements of the claims teach the data segment indicates that the second portion of the cleaning tape has been used for the cleaning process. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
